An engineer and entrepreneur, Mike Turner is the kind of new conservative leader we need in politics today.

Mike holds degrees from SMU in Mechanical and Electrical Engineering.

In addition to his work consulting with inventors seeking patents, Mike founded a medical and sports equipment manufacturer. His companies now employ about 40 people.

Mike knows what it takes to create good, private sector jobs. As a small businessman, he's met budgets, made payrolls and knows what it's like to deal with government regulation.

A volunteer instructor in local math and science classrooms, Mike graduated from Heritage Hall. He lives in Northwest Oklahoma City and attends Life Church.

Mike will boldly stand for our conservative values like limited government, lower taxes, less borrowing and spending, the right to life, Second Amendment rights, and a crackdown on illegal immigration!

When **Mike Turner** takes on the lobbyists, PAC's and special interests, it won't be the first time he's **tangled with alligators and won!**

Guy Liebmann has taken hundreds of thousands of dollars in lobbyist and PAC donations.

We elected Guy Liebmann to do a job. He's supposed to be the night watchman - guarding the henhouse for taxpayers.

At the State Capitol, is Guy Liebmann representing you or the special interests?

Mike Turner hasn't taken a dime from them.

Here's a list of the lobbyists, PAC's and special interests who have donated to Mike Turner...

Date	Committee Name	Amount Given
<i>None</i>		

There's a reason the political old guard has lined up against Mike Turner. He won't play their games at the Capitol.

Mike Turner will stand strong for conservative values and reform in our state – not the status quo!

Mike's only special interest will be you – the people of House District 82.

- ✓ He won't accept PAC or lobbyist money.
- ✓ He won't accept the legislative pension.
- ✓ He'll donate half his legislative salary to locals schools and charities.

And he won't charge you to drive to the Capitol or for meals and out of state trips like Guy Liebmann has.
